

Step-by-Step Instructions

(PRINT this set of instructions to follow every time you refill your cartridge)

Refillable Cartridges

Brother LC51 Black/Cyan/Magenta/Yellow

Refillable Cartridges

Unplug, Fill, Re-plug

Items needed: gloves, Black Dye, Cyan, Magenta, Yellow inks, paper towels, review hints & tips and check list.

- 1) Remove the cartridge when it is running low or out of ink.
- 2) The clear flat plugs on the top is your fill hole. Pick the cartridge up so that the clear plugged fill hole is at the top of the cartridge. Remove the small clear flat plug on top. This is your fill hole. Leave the color plug in the air vent hole as shown in the picture until after you have refilled.
- 3) Release thru your syringe tip the proper color ink. The black cartridge will take black dye ink. Up to 35 mls of ink. Yellow for Yellow, Cyan for Cyan and Magenta for Magenta. All colors will take up to 25 mls of ink.

The black cartridge will take up to 35mls

The color cartridges will take up to 25 mls

- 4) Put the syringe needle into the fill hole and S-l-o-w-l-y inject ink until the cartridge is full again. The cartridges are transparent so there is no problem to see when the cartridge is full of ink.

5) After the cartridge is full of ink, seal the fill hole with the clear flat plug. Put the cartridges into the printer and pull out the color plug which is your air vent hole plug and hold for the next fill. This hole will stay open while the cartridge is being used inside the printer. **This hole gets plugged prior to the next refill.**

6) Replace the cartridge(s) and run 1 - 3 cleaning cycles as per printer instructions.
