

Step-by-Step Instructions

(PRINT this set of instructions to follow every time you refill your cartridge)

Brother LC-01BK, LC-01 CMY

Items Needed: gloves, hand-drill, dye-based black ink, cardboard station #2, cyan, magenta & yellow ink, aluminum tape, paper towels, review hints & tips and check list

Syringe: Attach needle tip (located inside station # 4) to the syringe tightly. Unscrew lid on ink bottle. Puncture silver seal with needle tip making a small hole in the center of seal. Using the correct color pull the correct amount of ink into the syringe. Rinse syringe and needle tip after every use and before using syringe with another color. Rinse syringe and needle tip with water until the water runs clear.

- 1.) Place cartridge upright on some folded paper towels. Cover the outlet-hole with small piece of aluminum tape.
- 2.) With the drill provided, drill a hole into cartridge in the dimpled area on top of cartridge. This is your fill hole. (See photo)
- 3.) Place the cartridge upright in cardboard station #2.
- 4.) Insert syringe tip down into the fill-hole and slowly dispense up to 9ml of ink into cartridge.
- 5.) After filling cartridge, blot off any excess ink around fill-hole. Place tape over the fill-hole. Remove cartridge from refill station and place on some folded paper towels. Remove tape from exit port. There maybe some small leakage when removing tape.
- 6.) Let cartridge sit for 20 minutes. Blot off any excess ink from exit-port.
- 7.) Make sure cartridge is not leaking or forming a drip and then place cartridge back into the printer.
- 8.) Place cartridge back into printer and run 1 to 2 cleaning cycles & print test. [Or Print 3 pages using:](#)
